STUDY THE MIND AND MAKE A DIFFERENCE

# PSYCHOLOGY

# UNLOCK HUMAN POTENTIAL

## STUDY PSYCHOLOGY AT FLINDERS

Psychology is the science of the mind and the study of human behaviour. You could begin a rewarding career that has a positive impact on the people around you.

### BUILD A CAREER SOLVING HUMAN PROBLEMS

Worldwide, there is a growing awareness of our need to understand human psychology and mental health. The pressures of 21st century living are driving a need for graduates who can assess, advise and help solve some of the human problems that affect how we live and function. From working with autism and sleep disorders to conducting research on social justice or industrial relations, the field of psychology is wide, and skilled graduates are in high demand.

### A REWARDING CAREER

Psychology is a large occupation, currently employing over 28,000 people. In Australia, it is expected there will be around 24,000 job openings over the next five years from workers leaving and new jobs being created.\* Apply your skills across a range of careers and professions, including community services, human resources management, marketing, policy development and teaching, and combined with further professional training, you can become a practising psychologist.

*\*Job Outlook 2018*

### STUDY FOR SUCCESS

Flinders is highly rated in undergraduate psychology for education experience, teaching quality, learning resources and student support\*\*. With a Flinders Psychology degree, you'll gain essential knowledge and skills required for further study to practise as a registered psychologist. By studying at Flinders, you are eligible to apply for admission to the Flinders University honours program in psychology, as well as other nationally accredited psychology honours programs, which can lead to further postgraduate study opportunities (eg. PhD) and/or training to become a registered psychologist.

# Combined degrees

Explore your interests and unlock more career opportunities by combining degrees. Combining your degree with a qualification in another discipline will help you develop specialised abilities to stand out from the pack. Studying a combined degree at Flinders is the key to enhancing your career opportunities.

Find out about combining these qualifications:

### Bachelor of Behavioural Science (Psychology)/ Bachelor of Science (Animal Behaviour)

Through the study of both human and animal behaviour, you will learn how we learn, think and interact with others, what motivates our actions and the role that personality plays in behaviour. This combination offers a unique journey of discovery about the similarities between human and animal social organisation, and individual strategy and decision-making.

You will analyse predator-prey behaviour and understand the role human and animal behaviour plays in our welfare, survival and evolution. This combined degree meets the accreditation requirements of the Australian Psychology Accreditation Council.

### Bachelor of Behavioural Science (Psychology)/Bachelor of Computer Science

The combined Bachelor of Behavioural Science (Psychology)/ Bachelor of Computer Science provides the opportunity to link the disciplines of psychology and computer science and the management of data. This combined degree meets the accreditation requirements of the Australian Psychology Accreditation Council.

### Bachelor of Laws and Legal Practice/Bachelor of Behavioural Science (Psychology)

Combining the Bachelor of Behavioural Science (Psychology) with law prepares you for occupations where law and psychology interact. You will develop an understanding of human behaviour, motivation, relationships, communication and cognitive processes. Better understand the actions of clients, judges, jurors and the changes to law, which will help you develop a stronger and more effective argument for your legal cases, and explore a social justice perspective for understanding human behaviour. This combined program provides an accredited professional qualification in both law and psychology.

### Bachelor of Psychological Science/Bachelor of Business (Human Resource Management)

To manage an organisation effectively, you need to understand its people. The Bachelor of Psychological Science/Bachelor of Business (Human Resource Management) helps you to develop an understanding of psychology and apply it to human resource management. This combined degree meets the accreditation requirements of both the Australian Human Resources Institute and the Australian Psychology Accreditation Council.

### Bachelor of Psychological Science/Bachelor of Business (Marketing)

The combined Bachelor of Psychological Science/Bachelor of Business (Marketing) provides the opportunity to link the psychology of marketing with consumer buying behaviour. It teaches you to market to people effectively by understanding how psychology influences their decisions, and is one of only a few programs that allow you to delve into consumer buying behaviour, rational and irrational decision-making processes, impulse buying behaviour, heuristic decision-making, and other frameworks. This combined degree meets the accreditation requirements of the Australian Psychology Accreditation Council.

### Bachelor of Psychological Science/Bachelor of Criminology

The combined Bachelor of Psychological Science/Bachelor of Criminology provides you with a comprehensive education in psychology combined with criminal behaviour, crime prevention and responses to crime. This combined degree meets the accreditation requirements of the Australian Psychology Accreditation Council.

### Bachelor of Psychological Science/Bachelor of Sport, Health and Physical Activity

The combined Bachelor of Psychological Science/Bachelor of Sport, Health and Physical Activity prepares you for sport and physical activity careers, giving you a strong knowledge base in psychology combined with health, tourism, nutrition, disability and business. This combined degree meets the accreditation requirements of the Australian Psychology Accreditation Council.

### Other combined degrees:

- Bachelor of Behavioural Science (Psychology)/Bachelor of Arts
- Bachelor of Laws and Legal Practice (Honours)/Bachelor of Behavioural Science (Psychology)
- Bachelor of Laws /Bachelor of Behavioural Science (Psychology)
- Bachelor of Laws (Honours)/ Bachelor of Behavioural Science (Psychology)
- Bachelor of Psychological Science/Bachelor of Criminology (Honours).
