GAIN REAL-WORLD EXPERIENCE

Flinders Work Integrated Learning (WIL) enables you to gain work experience while you study. You'll have the opportunity to gain real-world experience through placements, practicums, field studies, and simulated workplace settings and assessment activities. Flinders aims to provide each and every student with access to a WIL opportunity during their studies.

THINK BIG. MAKE AN IMPACT. DESIGN YOUR FUTURE.

Careers are evolving and the workplace of the future will look very different from today. Powered by Flinders' New Venture Institute, our suite of innovation and enterprise electives and courses will help you to develop the 'personal enterprise skills' that employers are looking for, and equip you with the ability to adapt to whatever life throws at you, personally and professionally. No matter what you choose to study at Flinders, you can embed an innovation and enterprise elective into your degree.

TAKE YOUR STUDIES OVERSEAS

Why wait until you graduate to explore the world? Flinders' Learn Without Borders could see you studying overseas, gaining a unique perspective and immersing yourself in a different culture, language and lifestyle.

"My exchange was honestly one of the most amazing and rewarding six months of my life. The friends I made, the things I saw and experienced will stick with me for the rest of my life."

Expert coaching

Learn from industry experts and active researchers who build academic programs on real-world experience.

Dr Shane Pill is just one example of the range of dynamic talent teaching across our sports programs.

Our staff strive to push the boundaries of teaching excellence through research, and through progressive pedagogical methods.

They work with students to develop courses, and tailored academic programs, that provide the best outcomes and career development for each potential athlete, coach, physio, analyst or even sports enthusiast.

Dr Shane Pill has literally written the book on sports leadership. In fact, he's written six, not to mention over 100 scholarly and academic papers. Current Chair of the Bachelor of Sport, Health and Physical Activity Academic Programs Advisory Committee, Dr Pill is a specialist in curriculum design and enactment, pedagogy and instructional strategies for games and sport teaching, sport coaching and curriculum leadership.

With 18 years' experience in science and physical education classrooms and now lecture halls, as well as extensive experience in coordination and coaching rolls, his research is built on a foundation of practical experience – no ivory tower here. It's no wonder he's become a major contributor to high-impact programs including Cricket Australia S'Cool Cricket, Tennis Australia Hot Shots Tennis, and AFL Sport Education.
